

APPLICATION FOR WATER CONNECTION

This information is required under FDC Water Supply Bylaw 2008 and Health (Drinking Water) Amendment Act 2007

1. Full legal description of property

Lot No.		DP No.		Valuation No.	
Address of Property					
Property Owners Name					
Postal Address					
Telephone		Mobile		Email	
Contact (if not owner)					
Postal Address					
Telephone		Mobile		Email	

Please read:

Additional to the meter costs, Development Contributions may be payable where:

- A water meter larger than the standard 15 mm connection is required
- A peak flow greater than 25 litres per minute is required
- More than 1 water meter is approved (special circumstances) per property
- A water meter is required for a property zoned rural or rural residential

2. Is water to be used for domestic use only?

Tick No if there is a water storage tank or an alternative water source existing or proposed on the property.

Tick No if water use includes stock trough, irrigation systems, spa or swimming pool.

Yes

If you answered **Yes** to question 2 then the connection is Ordinary and requires an ordinary **15mm** water connection for a standard connection fee of **\$800**.

1. Go to page 3 and indicate the location for the water meter.
2. Go to page 2 and read and sign the blue declaration for the Ordinary connection.

No

If you answered **No** to question 2 then the connection is Extraordinary.

1. Go to page 4 to complete the water use assessment.
2. Go to page 3 and indicate the location for the water meter.
3. Go to page 2 read and sign the yellow declaration for the Extraordinary connection.

Declaration for Ordinary 15mm Connection

I hereby apply for an ordinary 15 mm water connection to the street boundary of the property detailed on page 3.

Further I understand that this application will not be approved until any Development Contributions payable under the LGA have been paid.

I believe the information contained in this application is true and correct and that if the location details are insufficient that this application will not be accepted.

I acknowledge that this is an application only and will be subject to connection approval. If this application is successful the property owner will be responsible for the water use at the rates determined by Franklin District Council.

I understand that where the property is accessed by a Right of Way (ROW) that the water connection will be at the road frontage NOT down the ROW unless that ROW is serviced by a public water main.

Meters are often damaged or buried, particularly during building construction. I understand that once the water meter is installed I have full responsibility for maintaining access to the meter and for any costs incurred as a result of any damage to the meter connection.

Signed:

Date:

Declaration for Extraordinary Connection

In addition to the Ordinary 15 mm conditions above

I understand that the Council in providing this connection gives no guarantee of being able to sustain the supply and that as an extraordinary supply it may be withdrawn at any time.

I understand that all materials used in providing this connection up to the point of supply (as defined in the bylaw) remain the property of the Council and subject to the conditions set out below.

I agree to pay Council the full actual cost of the installation of the extraordinary water supply detailed upon receipt of an acceptable quote. Note: Full payment is required prior to the commencement of works.

I agree to pay for the annual testing of and any maintenance of any required backflow device.

I agree to use the water supply for the purposes stated and provide details to FDC of any change of water use.

I agree that if I require the water meter to be disconnected for any reason I will be charged a disconnection fee and will not receive any reimbursement for materials.

I agree to comply in full with the conditions set out below and accept that any or all conditions may result in the immediate termination of this supply with no refund of any of the capital contribution.

Signed:

Date:

Please sign and return completed form to:
Franklin District Council,
82 Manukau Road, Pukekohe
Private Bag 5, Pukekohe
Franklin District
DX EP77018

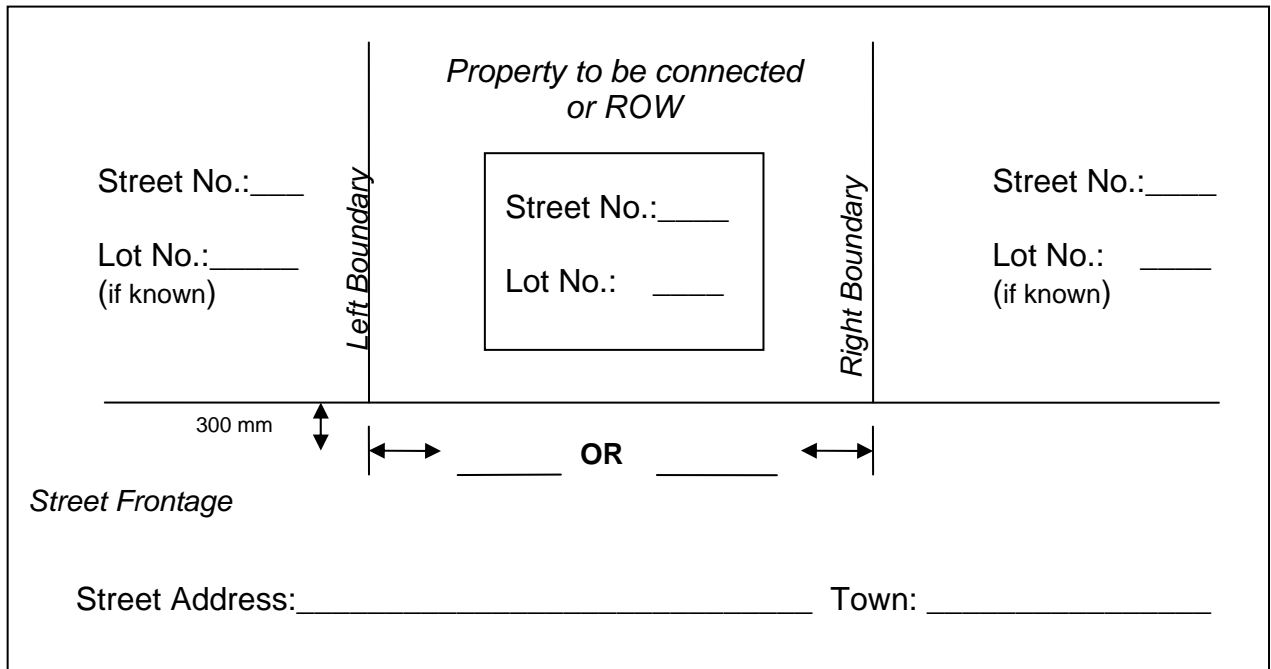

If you have any questions about or require assistance with this form,
Phone FDC Customer Centre on 09 237 1300. Facsimile 09 237 1301
E-mail FDC_info@franklin.govt.nz Website: www.franklindistrict.co.nz

Indicate preferred Meter Location:

Page 3

Please indicate on the diagram below your preferred water meter location.

A measurement (in millimetres) from the boundary is required. Please indicate clearly if the measurement is from the left or right boundary. The water meter, if site conditions allow, will be positioned 300 mm outside the property. However meter and backflow connections may be located inside the boundary.

Upon approval of the connection a water meter will be installed by Council.

FDC Contractor use only -
